***NOTE:** Pursuant to subsection 33(1) of *The Interpretation Act, 1995*, the Consequential Amendment sections, schedules and/or tables within this Act have been removed. Upon coming into force, the consequential amendments contained in those sections became part of the enactment(s) that they amend, and have thereby been incorporated into the corresponding Acts. Please refer to the Separate Chapter to obtain consequential amendment details and specifics.

*** Note:** Due to the timing of the Fall 2020 General Election and a new numbering system for Acts, three Acts passed in the First Session of the 29th Legislature in the Fall of 2020 would have had duplicate numbers to three Acts that were passed in the Fourth Session of the 28th Legislature in the Spring of 2020. In order to distinguish between Chapters 1, 2 and 3 in the 28th and 29th Legislatures, the Chapter numbers assigned denote the Legislature in which they were passed.

NOTE:

This consolidation is not official and is subject to House amendments and Law Clerk and Parliamentary Counsel changes to Separate Chapters that may be incorporated up until the publication of the annual bound volume. Amendments have been incorporated for convenience of reference and the official Statutes and Regulations should be consulted for all purposes of interpretation and application of the law. In order to preserve the integrity of the official Statutes and Regulations, errors that may have appeared are reproduced in this consolidation.

$$T = (GR \times A) \times \frac{DP}{DY}$$

where:

GR is the rate of tax set out in subsection 56(1) that applies to the period in the taxation year;

A is the amount of the qualifying environmental trust's income that is subject to tax pursuant to Part XII.4 of the federal Act for the taxation year;

DP is the number of days in the period in the taxation year; and

DY is the number of days in the taxation year.

(2.1) For the purposes of this section, Part XII.4 of the federal Act applies.

(3) A taxpayer who is a beneficiary of a qualifying environmental trust may deduct from the tax otherwise payable pursuant to this Act for a taxation year of the taxpayer an amount not exceeding the taxpayer's qualifying environmental trust tax credit for that taxation year calculated in accordance with subsection (4).

(4) A taxpayer's qualifying environmental trust tax credit for a taxation year is the amount MRTC calculated in accordance with the following formula:

$$\text{MRTC} = \text{CI} + \text{CP}$$

where:

CI is the amount CI calculated in accordance with subsection (5); and

CP is, with respect to all partnerships of which the taxpayer is a member, the total of all amounts, each of which is the amount that can reasonably be considered to be the taxpayer's share of the relevant credit with respect to the partnership.

(5) For the purposes of subsection (4), CI is the total of all amounts, each of which is an amount A calculated in accordance with the following formula:

$$A = \text{TT} \times \frac{\text{BI}}{\text{TI}}$$

(6) For the purposes of subsection (5), BI is the amount BI calculated in accordance with the following formula:

$$\text{BI} = \text{C} - \text{D}$$

where:

C is the total of all amounts with respect to the trust that, pursuant to subsection 107.3(1) of the federal Act, are included in computing the taxpayer's income for the taxation year, other than amounts included because of the taxpayer being a member of a partnership; and

D is the total of all amounts with respect to the trust that, pursuant to subsection 107.3(1) of the federal Act, are deducted in computing the taxpayer's income for the taxation year, other than amounts deducted because of the taxpayer being a member of a partnership.

(7) For the purposes of determining the amount CP in subsection (4), the relevant credit with respect to a partnership is the amount that would, if the partnership were a person and if its fiscal period were its taxation year, be its qualifying environmental trust tax credit calculated pursuant to subsection (4) for its taxation year that ends in the taxation year of the taxpayer.

(13) Notwithstanding clause (12)(b), interest is not payable by an eligible taxpayer if the amount of the rebate or the excess amount as determined pursuant to subsection (10) is the result of the eligible taxpayer claiming a deduction pursuant to section 111 of the federal Act with respect to a loss for a subsequent taxation year.
